Email: dpk.civil@gmail.com

CAREER OBJECTIVE:

As an accomplished Civil Engineer with five years of hands-on experience in overseeing construction projects and ensuring their successful completion, I have developed a robust foundation in project management, design, and quality control. Leveraging this background, I transitioned to a dynamic role as an ERP Consultant and SQL Report Writer, accumulating two years of expertise in optimizing business processes and data reporting solutions.

PERSONAL SKILLS & COMPETENCIES:

- Ability to analyze complex business processes and requirements to design effective ERP solutions.
- Ability to build and maintain positive relationships with clients, understanding their needs and expectations.
- Efficient time management to meet project deadlines and milestones.
- Strong command of SQL for writing complex queries and generating reports from relational databases.
- Meticulous attention to detail to ensure accuracy in report generation and data interpretation.
- Clear communication skills to understand user requirements and convey technical information.

PROFESSIONAL QUALIFICATION:

- Beginner of **Full Stack Developer Course** at **GUVI GEEK NETWORK PRIVATE LIMITED**
- Proficiency in Writing Structured Query Language (SQL) Queries
- Knowledge In Enterprise Resource Planning Solutions

SOFTWARE / SKILLS:

- JAVA SCRIPT
- IDEMPIERE ERP
- BEGINNER IN FULL STACK DEVELOPER
- BEGINNER IN PYTHON
- POSTGRES
- DBEAVER
- SQLite STUDIO
- PRIMAVERA
- AUTOCAD
